1. TITLE

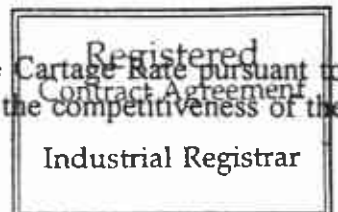

This Agreement shall be known as the SITA-BFI Waste Collection (Central Coast Rear Load) Contract Carriers Agreement 1998.

2. STATUS AND SCOPE

- (ii) This Agreement is made pursuant to the terms of Part 3 of Chapter 6 of the Industrial Relations Act 1996 (NSW).
- (iii) The making of this Agreement provides to each Contract Carrier engaged to SITA-BFI under the terms of this Agreement a contract for the term specified in Clause 15 Term hereto.

3. CARTAGE RATES

- (i) Contract Carriers engaged pursuant to this Agreement shall be paid Cartage Rates for all work performed in accordance with the Cartage Rate Formula contained in Schedule A.
- (ii) The Cartage Rates payable under this Agreement will be reviewed annually on the first day of March during the term of this Agreement in accordance with the Rise and Fall Formula contained in Schedule B. Provided that there shall be no adjustment of the Cartage Rates under Rise and Fall unless there is a net annual increase in costs of 3% relative to the benchmarks contained in Rise and Fall formula.
- (iii) SITA-BFI has the right to reject an increase in the sub-clause (ii) hereof if such increase would erode the competitiveness of the contract carriers.

4. PAYMENT

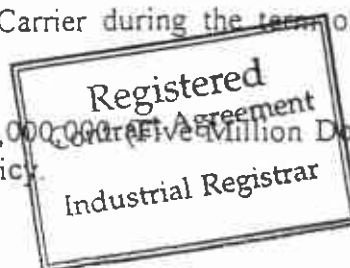

- (i) Each Contract Carrier is responsible for the submission to SITA-BFI of a monthly invoice in the form detailed in Schedule C. Such invoice must be submitted in the second working day of each month.
- (ii) SITA-BFI shall pay each Carrier pursuant to the invoice within five (5) working days of the date of submission of the invoice provided that where there are invoice discrepancies these shall be discussed direct between a SITA-BFI representative and the Carrier concerned. Any discrepancies must be resolved before the next invoice period.

The Carrier shall inform SITA-BFI daily of such equipment's operating condition. If the SITA-BFI equipment requires repairs the Carrier will make such equipment available for repairs at the SITA-BFI depot or other nominated location as requested by SITA-BFI. The Carrier shall be responsible for repair of SITA-BFI equipment when a defect has not been reported in a timely manner and the defect is exacerbated because of the failure to report the defect or provide the SITA-BFI equipment to SITA-BFI for repairs. SITA-BFI will from time to time advise the Carrier of the desired schedule of preventative maintenance for the SITA-BFI equipment and the Carrier shall use its best endeavours to comply with such schedule and deliver such equipment to the SITA-BFI depot or other nominated location by SITA-BFI at a mutually agreeable time and date for such maintenance work to be completed.
